Subject: Walton Lake Restoration Project - Withdrawal of Decision Memo

To: Stacey Forson, Forest Supervisor

On December 15, 2015, I signed a Decision Memo for the Walton Lake Restoration Project authorizing vegetation management activities in the designated recreation area around Walton Lake, including Walton Lake Campground. The purpose of the authorized activities was to address public safety and forest health concerns associated with laminated root rot in moist mixed conifer stands and overstocked conditions in dry mixed conifer stands.

With this memo I am withdrawing the Decision Memo in order to allow additional analysis of the proposed activities under the National Environmental Policy Act.

A handwritten signature in blue ink that reads "Slater R. Turner".
